

Community Healing and Immersion Leadership and Development **Retreat Center**

OVERVIEW

The Community Healing Immersion Leadership and Development (Child) Retreat Center is designed to heal the inner workings from childhood that carried into adulthood in a relaxed environment. We provide safe spaces and trauma informed coaches and practitioners to guide you through an immersive healing experience. Providing ample modalities created and designed to gently lead you toward deeper resiliency, healthier thinking and a life filled with Joy and Purpose.

Phase I

Purchase property with on-site horses, ATV's and swimming to allow for a smaller, single family immersive healing experience.

Phase II

Expand to multi-unit housing and access to additional amenities such as trails, golf, and sports and recreation areas.

Phase III

Collaboratively working with existing coaching, wellness and mental health professionals, the Trauma Immersion Center will house all aspects of the retreat and each employee will be trauma informed and receive ongoing coaching and development.
